

LedgeLite

Description:

LED hardscape lights are durable, energy-efficient fixtures used to illuminate and accentuate outdoor features like pathways, steps, retaining walls, and garden beds. These low-profile lights offer long lifespans, minimal maintenance, and weather resistance, making them ideal for enhancing safety, security, and aesthetic appeal in both residential and commercial landscapes. With a variety of designs and focused illumination, they seamlessly integrate with hardscape materials to create a visually appealing and functional outdoor environment.

Model:

Optical:
