

DomeAxis

Description:

DomeAxis is a modern, slim pathway light designed for clean, architectural landscape lighting. Featuring a minimalist stem and a soft, curved dome head, it delivers a refined look that complements contemporary gardens, walkways, and building perimeters. Operating on a 12–24 VDC low-voltage system, DomeAxis provides safe, energy-efficient performance for outdoor applications. It is ideal for creating consistent pathway illumination while adding a sophisticated, upscale finish to any landscape design.
